<input type="checkbox"/> Final Abandonment	<input type="checkbox"/> Plugging	<input type="checkbox"/> Non-Routine Fracturing					
	<input type="checkbox"/> Casing Repair	<input type="checkbox"/> Water Shut off					
	<input type="checkbox"/> Altering Casing	<input type="checkbox"/> Conversion to Injection					

13. Describe Proposed or Completed Operations

Verbal approval was received from Dan Rabinowitz on 11/22/11. Because we are using a 13-5/8" casing head on the 13-3/8" casing, we can't set the test plug to test the originally proposed 11" BOPE. We will be renting a 13-5/8" 3M stack so we can fit the test plug and test it properly. The schematic will be the same as the 11" BOPE submitted, it will just be a 13-5/8". The rig's 11" stack will be installed after the 8-5/8" casing is run and cemented and tested.
