RE: Release Of Operator Bond Period of Liability for UMT B-1 gas well

Dear Operator:

The Bureau of Land Management (BLM) Surface Protection Specialist or Natural Resource Specialist accompanied by the UMU Representative(s) and the BIA Realty Specialists visited the gas well site named UMU O-1 on April 10, 2012. This well taps the Indian Mineral estate beneath Lease #1420-1732 having surface expression as an above ground marker in Section 26 T. 32N., R15W., La Plata County, Colorado. The associated API number is 30-045-23542. The wellbore Request for approval to abandon (NOI) with plugging procedures was approved October 18, 1979. The Subsequent Report (SR) for wellbore abandonment was approved verbally October 3, 1979 with submitted of hard copy approved May 1, 1984. The BIA approved the surface April 13, 1984. The Final Abandonment Notice (FAN) indicating operator verification that the surface is contoured to blend with surrounding terrain, equipment is removed and surface reclaimed has growth of desirable vegetation at 70% of surrounding undisturbed lands was received by the BLM-SJRA on November 14, 2011. The Final Abandonment of the surface was found acceptable by the BIA as indicated in the attached letter April 13, 1984 and April 10, 2012.

The BLM has determined that the period of liability with regards to this well is hereby

terminated and the bond for this well may be released by the BIA. If the bond covering this well is an *individual* well bond, you may seek release of funds from the BIA-SU Agency at the following address:

Superintendent-BIA- UMU Agency  
Box KK  
Towaoc, CO 81334.

If you have any questions or comments, please contact the BLM at 970.385.1370.

Sincerely,

**/s/ Richard A. Rymerson**
