Burlington is requesting that the subject well's APD be rescinded or cancel. We had to move the location and have been instructed by Steve Hayden (NMOCD-Aztec) to rescind or cancel the original APD and submit a new permit since the restaked location is in another Qtr/Qtr and now a non-standard location. This well had to be moved since it is in close proximity to residences and existing structures would have to be removed to safely operate this well.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
