13 Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

ConocoPhillips notified & received verbal approval on 07/18/12 from Jim Lovato (BLM) and Charlie Perrin (OCD) requesting permission to set CIBP @ +/- 6800', to produce the Basin Mancos. This will allow for ConocoPhillips to test production data as a standalone Basin Mancos for an anticipated year of 6 - 12 months. Per Charlie Perrin (OCD) ConocoPhillips must submit a Notice of Intent (NOI) before releasing CIBP and producing as a commingle Basin Dakota & Basin Mancos per OCD.
