13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Energen Resources intends to repair a casing leak discovered between 5273'-5510'. The plan is to set a bridge plug at aprox. 5510' and pump a balanced plug across the leak. Once the cement is spotted, the plan is to pressure up and hesitate the cement behind pipe.

Received verbal approval from Charlie Perrin and Brandon Powell at the OCD.
