	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Heritage Petroleum, Inc. took over responsibilities for Blue Dolphin's New Mexico properties recently. Heritage Petroleum, Inc. was not aware that the pit and location on the Nutrias Prospect #1 had not been closed and remediated. Heritage Petroleum, Inc. was informed on Oct. 24, 2012 of the situation. We communicated with Craig Willems of the Farmington, NM BLM office, contacted contractors and met on location with the contractors and BLM officials on Oct. 30, 2012 to discuss what needed to be done to remediate the location and obtain bids from the contractors.

Heritage Petroleum, Inc. is requesting an extension of the Big Game Winter Closure to Nov. 21, 2012 to close the pit, recontour and reseed the location.

\* File Operator Change Online w/ NMOC  
Blue Dolphin is still the operator
