RE:

Notice of Intent to Apply for Downhole Commingling

Jack Frost D#1E

Sec 26, T27N, R10W;580' FSL & 1850' FWL

San Juan County, NM

To: All working interest, royalty interest and overriding royalty interest owners.

XTO Energy Inc. is applying for permission to downhole commingle the Basin Dakota and the Angels Peak Gallup Pools in the Jack Frost D #1E. We propose to downhole commingle production from both pools on initial completion. NMOCD requires all interest owners be notified of intent to downhole commingle if ownership is different between pools.

The proposed allocations are based on individual pool average EUR's in the area. Based upon this data, XTO Energy Inc. proposes to allocate the commingled production as follows:

Pool	Oil	Gas
Basin Dakota	59%	41%
Angels Peak Gallup	49%	51%

If you need additional information or have any questions, I can be contacted at (505) 324-1090. If you are opposed to commingling production from these two pools please respond in writing within 20 days of the date of this letter to XTO Energy Inc., 2700 Farmington Avenue, Suite K-1, Farmington, NM 87401.

Sincerely,

Teena Cosper

Production Clerk
