Burlington Resources:	ails, and give pertinent dates, including exions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions and propositions are diagram of the vent/flare pit will be designed.	erpretation of the kover Pit Construction / igned to manage fluids and
13. Describe proposed or complet of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, th Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2,	ed operations. (Clearly state all pertinent det.). SEE RULE 1103. For Multiple Complete onstruct a new drilling pit and an associated to new drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office. A risk ranking criteria. Burlington Resources:	ails, and give pertinent dates, including entions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions went/flare pit. Based on Burlington's integed in Burlington's Revised Drilling / Wor A portion of the vent/flare pit will be designanticipates closing these pits according to	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit
13. Describe proposed or complet of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, th Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2,	ed operations. (Clearly state all pertinent det.). SEE RULE 1103. For Multiple Complete onstruct a new drilling pit and an associated to new drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office. Arisk ranking criteria. Burlington Resources at 2004 on file at the NMOCD office.	ails, and give pertinent dates, including entions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions went/flare pit. Based on Burlington's integed in Burlington's Revised Drilling / Wor A portion of the vent/flare pit will be designanticipates closing these pits according to anticipate of the vent/flare pit according to anticipate of the vent/flare pit will be designanticipates.	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit
13. Describe proposed or complet of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, th Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2,	ed operations. (Clearly state all pertinent det.). SEE RULE 1103. For Multiple Complete onstruct a new drilling pit and an associated to new drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office. Arisk ranking criteria. Burlington Resources at 2004 on file at the NMOCD office.	ails, and give pertinent dates, including entions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions went/flare pit. Based on Burlington's integed in Burlington's Revised Drilling / Wor A portion of the vent/flare pit will be designanticipates closing these pits according to anticipate of the vent/flare pit according to anticipate of the vent/flare pit will be designanticipates.	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit
13. Describe proposed or complet of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, th Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2,	ed operations. (Clearly state all pertinent det.). SEE RULE 1103. For Multiple Complete on the new drilling pit and an associated enew drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office. This ranking criteria. Burlington Resources are 2004 on file at the NMOCD office.	ails, and give pertinent dates, including exions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions of the vent/flare pit will be designanticipates closing these pits according to anticipates closing these pits according to permit X or an (attached) alternative OCD Regulatory Associate II	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit pit or below-approved plan
13. Describe proposed or complete of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, the Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2, and I hereby certify that the information ab grade tank has been/will be constructed or closure Procedure dated August 2, Type or print name  Philana	ed operations. (Clearly state all pertinent det.). SEE RULE 1103. For Multiple Complete on the new drilling pit and an associated enew drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office. This ranking criteria. Burlington Resources are 2004 on file at the NMOCD office.	ails, and give pertinent dates, including exions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions of the vent/flare pit will be designanticipates closing these pits according to anticipates closing these pits according to an overlappear of the vent/flare pit will be designanticipates closing these pits according to an overlappear of the vent/flare pit will be designanticipates closing these pits according to the vent/flare pit will be designanticipates closing these pits according to the vent/flare pit will be designanticipates and belief. I further certify that any permit  or an (attached) alternative OCD	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit pit or below-approved plan
13. Describe proposed or complet of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, th Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2,	onstruct a new drilling pit and an associated enew drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office.  Ove is true and complete to the best of my known associated to the new drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office.  Ove is true and complete to the best of my known associated to the number of the n	ails, and give pertinent dates, including exions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions: Attach wellbore diagram of propositions of the vent/flare pit will be designanticipates closing these pits according to anticipates closing these pits according to a nowledge and belief. I further certify that any permit  or an (attached) alternative OCD Regulatory Associate II	erpretation of the kover Pit Construction / igned to manage fluids and the Drilling / Workover Pit pit or below-approved plan
13. Describe proposed or complete of starting any proposed work or recompletion.  New Drill, Lined:  Burlington Resources proposes to c Ecosphere's risk ranking criteria, the Operation Procedures dated Novem that portion will be lined as per the Closure Procedure dated August 2, and I hereby certify that the information ab grade tank has been/will be constructed or closure Procedure dated August 2, Type or print name  Philana	onstruct a new drilling pit and an associated enew drilling pit will be a lined pit as detailed ber 11, 2004 on file at the NMOCD office.
