Re: Closed-Loop System Permit Applications for
Lybrook D22-2206 01H

Dear Mr. Perrin:

Enclosed with this letter are closed-loop system permit applications for the Encana Oil & Gas (USA) Inc. (Encana) proposed Lybrook D22-2206 01H.

The closed-loop permit application includes the Form C-144 CLEZ and associated closed-loop system design, operating and maintenance, and closure plans.

This proposed well is located on Federal surface with Federal minerals.

Encana requests tight-hole/confidential status on this well. Specifically, in accordance with 19.15.7.16.C NMAC, we request that the form C-105 and accompanying data be kept confidential for 90 days from the date of well completion.

If you have any questions or need additional information, please call me at your earliest convenience.
