13. Describe Proposed or Completed Operation Clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Black Hills Gas Resources (BHGR) had plugged back the Jicarilla 460-21 #2 to 3099' on May 17, 2007; at which time the Jicarilla Apache Nation, Water Administration Department, requested the well be transferred to them so the could convert to a water well. As of today BHGR had not relieved any signed document relieving BHGR of the well. Therefore BHGR intends to plug and abandon Jicarilla 460-21 #2 and will submit the procedure within the next 60 days.
