If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron USA respectfully requests an extension of the approved 3160-5 and 3160-3 for the USA 5. Upgrades to the infrastructure have made it possible to handle the water and gas that would be produced.

In 2012 a 3160-5 was filed to explain the lack of production on this well.

The approved documents are attached.
