13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offi dated August 2, 2004 on file at the Name of the 12 dated August 2, 2004 on file at the Name of the 12 dated August 2, 2004 on file at the Name of the 13 dated August 2 dated August	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the NMOCD of this workover, a vent/flare pit materials.	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.	npletion  ng criteria, the s dated November it Closure Procedure
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the Non this workover, a vent/flare pit makes igned to manage fluids, and that	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking construct a workover pit. Based on Burlington's interpretation of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures face. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.	ng criteria, the s dated November it Closure Procedure e pit will be
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the Non this workover, a vent/flare pit makes igned to manage fluids, and that	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking construct a workover pit. Based on Burlington's interpretation of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures fice. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking criteria.	ng criteria, the s dated November it Closure Procedure e pit will be
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offit dated August 2, 2004 on file at the Non this workover, a vent/flare pit makes igned to manage fluids, and that	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed components of the Ecosphere's risk ranking construct a workover pit. Based on Burlington's interpretation of the Ecosphere's risk ranking letailed in Burlington's Revised Drilling / Workover Pit Construction / Operation Procedures face. Burlington Resources anticipates closing the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.  The proposed components of the Ecosphere's risk ranking the pit according to the Drilling / Workover Pit NMOCD office.	ng criteria, the s dated November it Closure Procedure e pit will be
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offidated August 2, 2004 on file at the NMOCD offidated August 2, 2004 on file at the NMOCD offidated August 2, and that the information about the signed to manage fluids, and that  I hereby certify that the information about the signed to manage fluids, and that  Type or print name  Philana	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed composed compo	ng criteria, the s dated November it Closure Procedure e pit will be
13. Describe proposed or complete of starting any proposed work or recompletion.  Workover, Lined:  Burlington Resources proposes to complete workover pit will be a lined pit as de 11, 2004 on file at the NMOCD offidated August 2, 2004 on file at the NMOCD offidated August 2, a vent/flare pit madesigned to manage fluids, and that  I hereby certify that the information abgrade tank has been/will be constructed or closed to the start of the star	ted operations. (Clearly state all pertinent details, and give pertinent dates, including estimate). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed composed compo	ng criteria, the s dated November it Closure Procedure e pit will be
