13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with the BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notice must be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.)

EnerVest Operating, L.L.C. respectfully request permission to downhole commingle this well. This well has been producing as a Mesaverde single as approved by the BLM and NMOCD for a period of up to one year. A CIBP currently set over the Dakota @ 7240' will be drilled out and the well will be downhole commingled as authorized by DHC-3709AZ. Production allocation percentages will be determined by subtraction method and will be submitted in a subsequent report also detailing the work performed to complete this operation .
