Dear Sir or Madam:

Reference is made to your Application for Permit to Drill (APD) well, Arbor #2, API #30-045-35031, located 920' FSL & 908' FEL, Section 26, T. 25 N., R. 10 W., San Juan County, New Mexico. This APD has expired on February 22, 2014.

In view of the foregoing, this office has withdrawn this APD. In addition, we will require a letter confirming that no surface disturbing activities have been conducted at this well site. Please file the letter within 30 days of receipt of this notice.

Any surface disturbance conducted must be rehabilitated in accordance with the standards and guidelines established by this office. Please contact Mark Kelly, Environmental Protection Specialist at (505) 564-7710 or email at [mkelly@blm.gov](mailto:mkelly@blm.gov) for information or inspections.

The subject well established the need to terminate two Communitization Agreements (CA) NMNM123827 and NMNM123828 which were approved on November 17, 2009. These CAs have been terminated, effective February 22, 2014, the date the APDs expired. The agreements communitized 160.00 acres on Federal Lease NMNM120923 (HBP-allocated, Irish #2, api 30-045-33743) and 160.00 acres on Lease N0-G-0503-1735 (this lease is HBP-actual, Arbor #22H, api 30-045-35029) in San Juan County, New Mexico as to natural gas and associated liquid hydrocarbons producible from the Dakota and Mancos formation. The terms of the agreements were for two years and so long thereafter as communitized substances are, or can be produced in paying quantities.

We recommend bonding remain in place until surface restoration has been completed and approved.
