	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input checked="" type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Huntington Energy, L.L.C. respectfully requests a one year TA extension for the above referenced well. We are evaluating the well for future use, including possible recompletion in another zone.

San Juan, County  
New Mexico

The request for an extension on the TA status for the reference well, dated September 9, 2014, is **approved for 6 months** from date of approval.

This should provide Huntington sufficient time to conclude their evaluation of the well and to (1) return the well to production (2) submit re-completion procedures to a different zone (3) submit a Notice of Intent to Abandon (NOIA) Sundry with plugging procedures.
