Burlington Resources (BR) requests a 3-month extension of the deadline required under 19.15.17.13.G(2) for pit closure at the Hare 16N.

- The Hare 16N location is extremely muddy due to recent weather activity.
- BR requests a new deadline of August 10, 2015 so the location can dry out prior to closing the temporary pit to avoid doing a Dig & Haul.
- Other than an extended deadline, no additional modifications to the design, operation, maintenance or closure plans are requested at this time.
