13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Request for extension of closure. The well been drilled and intermediate casing set. However, the well has NOT been successfully completed as planned; with production casing and liner and cavitation. Completion to be done following winter closure for wildlife as stipulated by BLM for the Rosa Mesa Wildlife Area December 1-March 31. Pit to be closed within 60 days following completion and in accordance with NMOCD guidelines and Williams procedures.

Drilling/Completion pit is located approximately 50 to 75 feet from well head. Pit multi-use drilling and completion to avoid additional site disturbance and pit will be considered out of service once production tubing set.

must maintain fence

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
