13. Describe Proposed or Completed Operations

At the request of BR's drilling department the subject well was shifted on the wellpad to allow more room for the rig to fit properly on the pad. The old footages were 1775' FNL & 1500' FWL with the **NEW footages 1780' FNL & 1470FWL**. Attached is the new plat showing the new footages. No disturbance will be occurring outside the original staked well pad.
