13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

On January 15, 2014, the BLM approved the Temporary Abandonment of this well.

This well has 7" casing in it. We would like to retain this wellbore to use as a potential horizontal well in the future.

We kindly request that this well would be approved once again by the BLM as a Temporarily Abandoned well in order to leave this well in its current state, for one additional year, so that further evaluation may be conducted pertaining to possible recompleat and/or fracture stimulation in this well.
