13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BIYA Operators Inc. respectfully requests permission to build a tank battery at the HGU 177 Well. BIYA Operators would like to eliminate the long flow line from the HGU 177 to the HGU A battery in section 34. This will reduce the possibility of line leaks. This Tank battery will be built per our SPCC requirements and we will use Best Management Practices. We will lay a layer of base at the site, laydown a 30 mil liner on base. A layer of gravel will be laid on top of liner. We will set a 300 barrel oil tank. Either a steel containment berm or an earthen containment berm will be constructed around the tank and the berm will be built to hold 125% of the volume of the 300 Bbl oil tank.

OIL CONS. DIV DIST. 3

HGU 177

Proposed HGU 177
Tank Battery Site

60 Ft.

An aerial photograph of a rugged, rocky desert landscape. The terrain is covered in dark, angular rocks and sparse vegetation. A dirt road or path winds through the center of the image. A green circle is placed on the dirt path, with a vertical line extending downwards from it to a point on the path. The text "60 Ft." is written vertically next to this line. A white rectangular box with a thin border is positioned above the green circle, containing the text "Proposed HGU 177 Tank Battery Site". The title "HGU 177" is printed in large white letters at the top center of the image.
