If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In response to written order 16JH170W Oxy requests approval for custody transfer point, to be known as Facility Measurement Point (FMP) Serial No. 14963P, for gas on the above-mentioned battery as per discussion with Duncan Whitlock. Meter requirements meet Onshore Order #5 and API standards. Royalty to BLM will be paid off of this meter.

Facility diagram and lease map are attached.

In addition, an off lease measurement approval is requested due to gas meter (FMP) being located at the Federal 26-1H CTB, located on BLM lease NMNM062589, and bottom hole locations/laterals being located on BLM lease NMNM 062590. A map showing the locations of the CTBs and well locations is attached.
