13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

As per phone conversation with William Tambekoe, McElvain Energy Inc is requesting a time extension to the letter 3162.3-2 (21110) requesting that action be taken on the Hutchinson #2 well in San Juan County NM. McElvain is respectfully requesting an additional 60 days to finalize negotiations with a New Mexico operator for the purchase of the well.
