13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Encana Oil & Gas (USA) Inc. (Encana) recently finalized the formation of a 13,128.47 acre Federal exploratory unit named the Blanco Wash Unit. The Blanco Wash Unit hearing occurred on June 25, 2015 at the New Mexico Oil Conservation Division in Santa Fe, in which, Encana requested an undivided unit be formed that would also encompass its own unique oil pool designation. The unit was approved by the BLM on May 31, 2017 with an effective date of August 20, 2012. The unit agreement number is: MNM 137065X.

The Escrito I16-2409 01H well, which was approved by the OCD on April 2, 2014, will now be a part of the Blanco Wash Unit. Encana is submitting this sundry to change the well name from the Escrito I16-2409 01H to the Blanco Wash Unit 328H.

Please note, this was originally permitted as a State well. Therefore, once this sundry is approved, it will be sent to the BLM to upload in their system now that the well is a part of the federal unit.

Effective date = 12-15-15 production needs to be amended accordingly.
