Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

DJR would like to set a temporary below grade marker on this plugged and abandoned well. This well pad will be used for future development and we believe an above grade marker would pose as a safety hazard at this time. Once the well pad has it's completed development DJR will bring the below grade marker above grade.
