13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Enduring Resources IV, LLC requests authorization to flare this well for an additional 30 days; the current expiration date is 6/20/19. The only stimulation act this well had was a swab test, which was performed on May 21, 2019.

Enduring is in the process of conducting a production test and flaring may be necessary during that time. If flaring is necessary, a gas sample will be provided.

Flaring authorized per 43 CFR 3179.101
