Final Abandonment Notice Convert to Injection Plug back Water Disposal Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration disposol. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Boad under which the work will performed or provide the Boad No. on file with the BLM BIA. Required subsequent reports shall be filed vinding following completion of the involved operations. If the operation results in a multiple confipletion or recompletion in a new interval, a Form 3160-4 shall be filed vinde feeting has been completed. And Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.) Four Star Oil & Gas Company received approval 08/06/04 to recomplete this well into the Fruitland Coal and downhole with the Blanco Pictured Cliffs. Four has now scheduled the work for this procedure. Starth While in the well, Four requests to deepen the well within the production casing from 2100' PBTD to 2132'. The deepened section will not be produced but will allow the pump to be set deeper and avoid picking sand and other materials in the well bore, thus reducing the need to pull and clean out the pump.
