13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will be performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron USA, Inc. respectfully requests permission to install a 4" pipeline within wellpad. The line will fall within existing surface disturbance in the same corridor as an existing line following the same corridor. It will connect the wellhead to the separator on location. Due to excess produced water from re-completion, another line is needed to transport the water.

14. I hereby certify that the foregoing is true and correct.
