	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

We were cleaning out to bottom with liner. We hit rough spot and thought we were continuing clean out phase when we realized that we had a pipe tally error. Due to the error we drilled an additional 43'. COPC contacted Chip Harradin to explain the situation and ask for sump approval. Verbal approval for sump given by Chip Harradin 2:30pm on 8/2/06.

I contacted Steve Hayden (NMOCD) but he was in the field and would not give approval without looking at pool maps. Chip Harradin contacted Steve and both concurred, agreeing to give verbal approval for sump. Chip Harradin called me back at 3:30pm on 8/2/06 and advised Steve Hayden gave verbal approval.

COPC will run liner to bottom @ 3618' MD 3344' TVD.

14. I hereby certify that the foregoing is true and correct
