13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

## Change in BOP Configuration.

Plans have changed from the original BOP design submitted with the APD. The current configuration from a 11" 3000# Double BOP with blinds on bottom and pipe rams on the top will be changed to an 11" 3000# single BOP with blind rams below an 11" Hydriil Annual BOP, capable of closing on all pipe configurations COPC is currently utilizing. The annular BOP will be tested to 1500 psi.

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #23302 verified by the BLM Well Information System
