13. Describe Proposed or Completed Operations

Burlington Resources is currently researching the ownership interest of this wellbore. We are negotiating with the main interest owner on purchasing this wellbore interest, and taking over the well for a Basin Fruitland Coal recompletion.

A title search is now being run, and once the title is confirmed, the acquisition will be finalized. This should take 90-120 days. At that time, an intent sundry will be filed to recomplete the well in the Basin Fruitland Coal.

14. I hereby certify that the foregoing is true and correct.
