13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, A Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Bureau of Land Management has requested the following information:

- For surface casing there was 60 bbls of cement circulated to surface.
- For 1st stage production casing there was 40 bbls of cement to surface.
- 1st stage production casing ran 14 jts. (4496.20') that is incorrect, what was ran is 104 jts. (4496.20'). There was a typo.
