Re: Cooper B #1E  
SESE, Section 7, T-29-N, R-11-W  
30-045-24212  
San Juan County, New Mexico

Gentlemen:

The above referenced well is a Chacra/Dakota commingle. Attached is a copy of the allocation for the commingling of the subject well completed on December 20, 2001. DHC-420az was issued for this well.

Gas:	Chacra	85%
	Dakota	15%

Oil:	Chacra	0%
	Dakota	100%

These percentages are based upon reserves assigned to each formation founded on production from the respective formations before and after workover operations. The Chacra formation does not produce any oil; therefore, oil percentages are allocated solely to the Dakota formation. Please let me know if you have any questions.

Sincerely,

Peggy Cole  
Regulatory Supervisor
