RCVD JUL 17 '07
OIL CONS. DIV.
DIST. 3

13. Describe Proposed or Completed Operations

Change in well plan- alteration of casing.

7/707 7" casing run for surface, & on 7/8/07 4.5" casing was run for production. APD approved for 9 5/8" surface & 5.5" production.

For a standard UPE well, which includes the Maddox WN Federal 12, there is no advantage of running 5.5" production casing. ConocoPhillips uses 5.5" casing only in special cases, 4.5" is our standard for a UPE well. —

No record found of written/verbal request prior to running casings. —

14. I hereby certify that the foregoing is true and correct.
