- 13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Per conversation with Jim Lovato, Bureau of Land Management, Wednesday, January 16, 2008:

Huntington Energy, LLC, respectfully requests a two year extension for the Application for Permit to Drill for the above referenced well. The permit expired on 2/23/08; the approval date would then expire 2/23/10. We plan to drill this well in 2008, but could be in 2009 if drill schedule changes.

This approval expires 02/23/10.
