Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In response to your letter of March 5, 2008 (copy attached), Four Star Oil & Gas Co. respectfully requests your approval for a 12 month extension (or until March, 2009) to the current Temporarily Abandoned Status of this well.

Increased development activity from new drill completions and good existing well re-completions has restrained workover rig scheduling and availability. This, along with recent abnormally longer periods of inclement weather and bad road conditions, continues to delay our desires to pursue restoring this well's production viability.

Four Star Oil & Gas Co. plans to develop, submit, and execute an approved workover procedure to return this well back to producing status within the next 12 months. If this proves unsuccessful, then to submit, for approval, a procedure to permanently Plug and Abandon this well.

Your approval of this Request for 1 Year Extension of TA Status will allow us time to safely and properly execute our plans of extending the productive life of this well.
