Dear Mr. Low:

Field inspections conducted on November 30, 1993 by Denny Foust revealed that the above mentioned pits have been cleaned as per requested in my letter dated August 20, 1993. However, no requests for exceptions have been received in this office for these dry pits. Exceptions to the order may be requested for pits which do not generally contain hydrocarbons by filing Form C-134.

You are hereby directed to submit exceptions to this office by December 15, 1993. If you have any questions please feel free to call me at 505-334-6178.

Yours truly,

Dianna K. Fairhurst
