13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

Please reference letter addressed to Mr. Jim Hicks at Tiffany Gas Co. with courtesy copy to BP America on March 21, 2008.

Subject well was plugged by BP Amoco in Dec. 1999. As stated in the referenced letter of 3/21/08 the location was found to be leaking oil and water to the surface. BP personnel visited the location on 4/22/08 and concur the well sight is leaking oil to the surface.

In recent conversation with Steve Mason (BLM) and Tiffany's representative Mr. Joel B. Burr, Jr. BP America acknowledges responsibility to re-plug the above referenced well.

BP America respectfully requests a 90 day extension to further assess the location and submit a plugging procedure. 7/31/08

14 I hereby certify that the foregoing is true and correct
Name (Printed/typed)

Cherry Hlava

Title **Regulatory Analyst**
