- 13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

BP America was granted permission to pull liner, clean out & deepen wellbore on 8/29/07.

Sept. 2007 work was performed on the well but liner was left in place and well was not deepened. In the subsequent sundry dated 9/19/07 it was stated that deepening well would not be done. That Subsequent sundry should have said, pulling liner and deepening will not be done at this time.

BP respectfully requests permission to reinstate original request & procedure that was granted 8/29/07
