	_____ Casing Repair	_____ Water Shut off
_____ Final Abandonment	_____ Altering Casing	_____ Conversion to Injection

X Other – Surface Casing Depth

RCVD JUN 19 '08
OIL CONS. DIV.
DIST. 3

13. Describe Proposed or Completed Operations

ConocoPhillips would like to request to change the surface casing depth.

Surface casing was permitted to be set at 216'. We would like to set it at 316' in order to mitigate any losses that might be incurred while drilling the intermediate hole. The well is fairly close to a cliff and there is a potential to lose returns if surface casing is set to shallow.

Cement volumes will be adjusted accordingly.

14. I hereby certify that the foregoing is true and correct.
