13. Describe Proposed or Completed Operations

ConocoPhillips wishes to move the subject location. The APD footages were approved as **Unit E (SWNW) 1820' FNL & 65' FWL**, the new wellhead location is **Unit E (SWNW) 1780' FNL & 95' FWL**. The wellhead moved in order to twin the location and accommodate the rig. The pad corners did not move and the surface disturbance is the same as the original approved APD. The new plat, cut & fill diagram and pad layout is attached. Verbal approval from the BLM was received 7/7/08 from Steve Mason.

14. I hereby certify that the foregoing is true and correct.
