OTHER: ☐

13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Burlington requests permission to pull the tubing and liner on the subject well and reinstall the pump. Recently we attempted to replace the pump on this well and as we pulled the tubing the uncemented liner came to the surface. We pushed the liner back down the hole and reran the tubing. Plans are to fish the liner, cleanout the wellbore, visually inspect and then replace joints of liner as needed and rerun the tubing and pump and return the well to production.
