Vasaly Com Well No. 2 (API No. 30-045-29936)  
1200 FNL 2390 FEL Section 22, T30N, R11W, San Juan County  
Injection into the Bluff and Entrada formations from 7524 to 7868 feet

You have submitted a request on behalf of Burlington for an extension of this injection permit beyond the one year deadline to commence injection for the reasons outlined in the attached correspondence.

The Division finds that granting Burlington's request to extend this injection permit beyond the normal one year is in the interest of conservation and will prevent waste and protect the environment.

All requirements of the above referenced injection permit remain in full force and effect except that the deadline to commence injection is hereby extended until May 14, 2009.

Sincerely,
