13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work )\*

We have had a rig on this well a number of days this month trying to get the cast iron bridge plug out of the well, and it is stuck. We are going to send a camera down into the well on 7-29-08 to see what is holding the bridge plug in the casing and we may have to send a fishing company down to mill the bridge plug out.

Dugan Production Corp. requests a 60 day suspension of operations.
