13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

We are replying to NMNM-8409 (WC) 3162.3-4(21110)

Our approved Sundry Notice of August 20, 2007 was to allow us to plug and abandon the Dome Federal 7-27-13 #1. That well is still producing because we have not been able to drill the replacement well at this time. We plan to drill the replacement well soon and will P&A this well at that time.

Maralex would ask for an extension of time to plug and abandon the Dome Federal 7-27-13 #1.
