13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomplate in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Noble Energy Inc. respectfully submits the following information:

The well was plugged and abandoned by cementing to surface. There was pressure on the casing and the annulus. The wellhead was put back together and the casing and bradenhead were opened to allow the well to vent to the atmosphere. The well will be shut in. BLM representative on site was Mike Gilbreath.

Final plugging and abandonment information will be submitted upon completion of the approved procedures.

*file Report of work done to this point
Include dates work performed*
