13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will be performed or provide the Bond No. on file with the BLM/ BIA. Required susequet reports shll be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in anew interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.)

Devon Energy requests approval to perform the following work on the subject well.

Remove 5-1/2" production liner from wellbore.

Deepen the wellbore 100' into the PC. A mudlogger will be on location to verify top of formation and logs will be submitted upon completion.

Clean out near wellbore material utilizing natural and air assisted surges.

Depending on well conditions a new liner will be run or the well will be left as an openhole producer.

Production tubing will be ran in well and downhole pump installed.

CONDITIONS OF APPROVAL
Adhere to previously issued stipulations.

14. I hereby certify that the foregoing is true and correct.
