☒ Other - Remediation Plans

RCVD JAN 13 '09  
OIL CONS. DIV.  
DIST. 3

**13. Describe Proposed or Completed Operations**

Burlington Resources requests to proceed with the following plan for remediation to repair the bradenhead on subject well. Per notice from the OCD, reference: RBDMS KGR0828054016 repair of bradenhead was to be completed by 1/9/2009.

1/7/09 After meeting with Jim Lovato (BLM), the following plan was agreed upon:

1. We are going to log the well with a Noise Log w/out a rig in order to detect the source the gas and the water.
2. Proceed with putting a rig on this well and run CBL log to check for top of cement.
3. Pick the zone where to squeeze the cement to isolate the producing zone from the surface water.

Once findings are determined, we will submit a project proposal for further remediation if required.

**14. I hereby certify that the foregoing is true and correct.**
