13. Describe Proposed or Completed Operations

In response to the BLMs letter dated 3/17/09 from Steve Mason, this sundry is to answer the BLM's question as to when this well is scheduled to be completed. This well has been drilled but problems drilling the well left the bottomhole location NSL and NSL approval had to be received before we completed the well, then wildlife restrictions were in effect and we were not able to complete this well until after April 1. Plans are to have this well completed before November 1, 2009.
