13. Describe Proposed or Completed Operations

In response to the BLMs letter dated 3/16/09 from Steve Mason, this sundry is to answer the BLM's question as to when this well is scheduled to be completed. This well had conductor pipe set as the spud activity on 9/25/08, but due to the changes industry has encountered in the past year this well is no longer a economically viable project and COPC plans on pulling the conductor pipe and reclaiming the location back to its natural state. This work will be conducted in the near future and a sundry will be submitted once the work as been completed.

We understand a new APD will be required if COPC wishes to drill & complete this well in the future.
