13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This well was drilled and the Dakota completed in 2008. It is now William's intention to move on and complete the Basin Mancos formation. The well was permitted as a MV/DK dual and later sundried to include Basin Mancos completion.
